# DS80DX™

DNP's duplex printer DS80DX for onsite photobooks and more.

Increase your profitability utilising the single or duplex capabilities of the DS80DX. DNP's award-winning design delivers reliability and high performance proficiency offering you a maximum return on investment.

Print professional premium quality photos, photo calendars, photobooks and more in stunning matte or glossy finish. With a powerful printer control engine designed to maximise image quality, the DS80DX will give your customers the vibrant and robust colour spectrum they demand.

Its stylish, compact design is DNP's smallest footprint duplex printer – and that helps conserve valuable workspace. The printing unit and turning unit are durable and can be separated for easy transport. Further, a single cable connect to printing unit means no messy and cluttered cables.

The DS80DX has an ergonomic design for easy-access front loading of media. Once the paper is loaded, you're ready to go!
